Your Guarantee for Better Health or Your Money Back

*This offer is made by Immuno Laboratories, Inc.
to all patients not billing insurance for whom their doctor orders the
Immuno 1 Bloodprint™*

Six terms and conditions of our money back offer to you

- 1) You are currently experiencing one or more of the following chronic symptoms: headaches, indigestion, overweight, fatigue, sinus congestion or arthritic pain. For your children: hyperactivity, attention deficit disorder or otitis media (ear infections).
- 2) Before beginning your 90-day program you complete the Initial Symptom Checklist found in your Immuno Health Guide.
- 3) You maintain your Daily Food Records found in the Immuno Health Guide for a minimum of 21 consecutive days and your journal entries document that you have avoided your toxic food list and your adherence to the Immuno Food Plan. (It's generally recognized to take a minimum of 21 days to change habits.)
- 4) You complete the Symptom Progress Checklist #1, #2, and #3 found in the Immuno Health Guide every 30 days to document your progress and turn them in to your healthcare professional as they are completed.
- 5) If after 90 days you have not experienced measurable improvement, please return your completed Daily Food Records, Initial Symptom Checklist, the 3 Symptoms Progress Checklists in the Immuno Health Guide and your Laboratory test results. We will also require a letter from your physician stating that no clinical change has taken place. Upon receipt of these items, we will refund your entire Immuno 1 Bloodprint™ (IgG) testing fee. Your claim must be made within the first 120 days of testing. This offer is subject to change without notice.
- 6) This offer is not available when your testing is provided via insurance assignment.
